AURICK

We are a forward-looking business group comprising 5 companies and operates in three continents across different business verticals. With over 20 years of combined experience in the field of the elevator and escalator installation and maintenance industry and procurement services, the Aurick team is redefining what is possible to match any client requirements and offer optimum performance.

Each company operates independently under the guidance and supervision of its own board of directors. Aurick employs over 100 people including project managers and fitters supported by management staff.

ETHICS

GROWTH

ELEVATOR SERVICES

continually strives for providing high-quality project management, installation and commissioning services for the elevator industry. We impart training to our team in all aspects of the latest technological developments in the constantly changing elevator industry to ensure high standards.

This articulation has resonated very well with the market and resulted in the Aurick team being a part of several industry-defining mega & infrastructure projects that leveraged its full services strategy.

TRADING & PROCUREMENT

We help organisations & industries reduce costs, improve procurement processes and service their procurement teams with multiple options to meet their requirements so that they can realise cost savings faster.

We aim to ensure savings are measurable and sustainable – delivering greater value for your business over the longer term. The results are greater cost savings, faster delivery and more sustainably, allowing your organisation to operate more efficiently and compete more effectively.

Elevator Division

In the elevator industry, our engineers and fitters are experienced with the installation of a broad range of brands & products and systems. We have long years of experience in the installation of elevators & escalators for a wide range of brands like Kone, Mitsubishi, Schindler, Otis and many more. We are committed to efficient and timely installation services and efficient delivery of quality projects.

OUR SERVICES INCLUDE

Installation Services For Elevators and Escalators: Meticulous installation of mechanical and electrical elevators.

Maintenance Services For Elevators and Escalators: Guaranteed maintenance services for all your escalators and elevators.

Modernization and Refurbishment Projects: Excellent solutions for control systems to match your interior designs.

Global source for genuine spares and accessories: Access to a wide range of spare parts and accessories for all kinds of lifts and elevators.
